*NURTURING CHILDREN TO ACHIEVE THEIR FULL POTENTIAL IN A CARING, CHRISTIAN COMMUNITY*

26<sup>th</sup> February 2019

Dear Parents/Carers,

We are excited to offer an opportunity for you and your child (Years 2-6) to attend a times tables activity session. This session will take place on Monday 25<sup>th</sup> March 2019 from 3.00 to 3.30pm, in the school hall.

The session will be informal and interactive, with a number of practical and computer-based times tables activities for you and your child to participate in. Anybody attending the session will be able to take home free resources so that the games can be played at home.

Times tables are becoming increasingly important in the maths curriculum. Children are expected to be fluent at both the multiplication and division facts for the times tables appropriate for their year group. Being confident with their times tables will help children in many areas of maths, including fractions, division, word problems, ratio and algebra. The games and activities that we will show you during the session on 25<sup>th</sup> March will offer easy, fun and varied ways of learning and remembering times tables.

We would be grateful if you could return the below reply slip to your class teacher by Monday 11<sup>th</sup> March. This will help us to ensure we have enough resources available for you to take home.

Kind regards,

Mrs L Whittaker and Mrs C Smith

Maths Subject Leaders

---

I will be attending the Maths times tables session on Monday 25<sup>th</sup> March (3-3.30pm) with my child(ren).
