

Stone Age & Bronze Age Homework Tasks

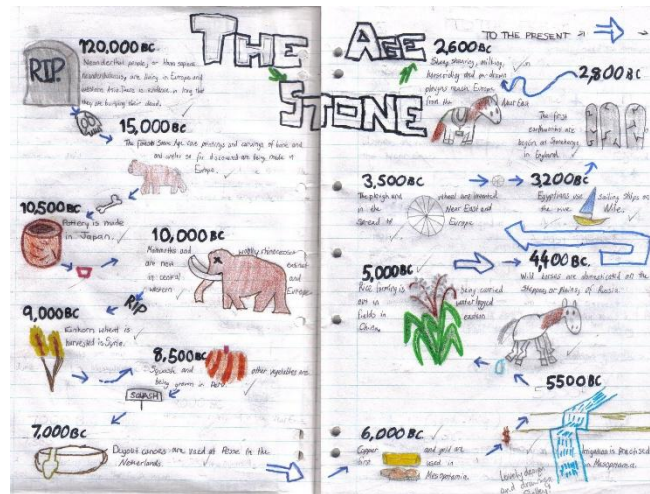

Next term we will be looking in more detail at the Stone Age and Bronze Age. As an optional homework activity, we'd love for you to design a piece of homework through an individual research task about the Stone Age and Bronze Age. You can present what you have found in any way you want. You could draw, write, sing, type, craft, build or create in any way you wish – it's up to you! Here are some ideas to inspire you:

Design a poster or fact sheet about life during these periods, write a short story or comic strip set in the Stone Age or Bronze Age, make a recipe or menu based on what people might have eaten back then, create a timeline.
