

Key Vocabulary

pattern	A repeated selection of notes organised in a musical way.
tempo	The speed at which a passage of music is played.
pitch	The frequency of the note, it can be high or low.
create	To make something new.
instrument	A piece of equipment used to make music (for example, guitar, keyboard, drums)

Key Facts

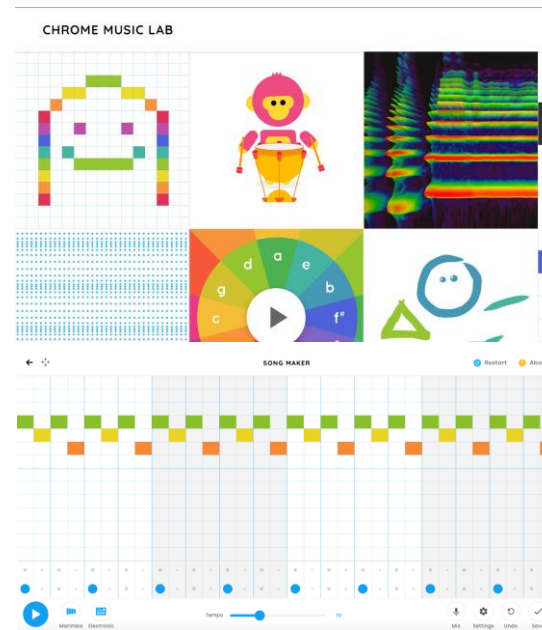

- Music has changed a lot since the first recorded music appeared in the 1800's.
- Previously, music was recorded through microphones and could only be 4 tracks in large, expensive studios.
- Today, music can be made anywhere in world using just a computer with an almost unlimited number of tracks.
- Some music is still recorded using microphones, but it can also be recorded digitally using a mouse and keyboard.

Key Questions

- How do I record music?
- Do I need to know how to read music to create music?
- Why is pitch/tempo/rhythm important?
- How does music make me feel?
